

LEDX30PIRB

30W LED Energy Saver Wide Beam PIR Floodlight

Traditional styling with LED Energy Saving technology incorporating our compact 'G' design PIR detector head.

- Powerful 30W LED Energy Saving PIR Floodlight – equivalent to 250W halogen lighting with only 10% of the running costs.
- 2115 lumens bright white light.
- Light on times adjustment 5 seconds to 10 minutes.
- Optional mode settings;
 - Dusk to Dawn.
 - Permanent ON – when in Dusk to Dawn and maximum time setting.
 - Manual ON with pulsed supply.
 - Test mode.
- 180° PIR detector with up to 12m detection range.
- Instant light ON to full brightness.
- LUX (light level) adjustment – Day to Night (2 to 200).
- IP55 weatherproof rating.
- Slave output – up to 10 sets of LEDX30FLB depending on load type.
- Easy quick fit bracket installation.

LEDX30PIRWH

White Version

Shares all the features and benefits of the LEDX30PIRB but is available in a white finish with a higher wattage.

- Equivalent to 260W, 2310 lumens.

- Equivalent to 260W, 2310 lumens.

LED200PIRB

Twin 8W LED Energy Saver PIR Floodlight – Black

LED floodlights give instant brightness just like halogens but they are under half the size – using a fraction of the power.

- Powerful 2x 8W LED Energy Saving PIR Floodlight – equivalent to 200W incandescent lighting with only 10% of the running costs.
- Pan and tilt light aiming adjustment.
- Light on times adjustment 5 seconds to 10 minutes.
- Optional mode settings – Dusk to Dawn and Test mode.
- 140° PIR detector (pan only) within adjustable 180° range and 10m detection range.
- LUX (light level) adjustment – Day to Night (2 to 200 LUX – permanently ON when at max.).
- Operating temperature -20°C to +40°C.
- Ideal for both indoor and outdoor installations.
- IP44 weatherproof rating.
- Exit ON feature.
- Easy installation with Fast-fix terminal block connection.
- RoHS compliance.

Shares all the features and benefits of the LED200PIRB but is available in a white finish.

LED100PIRWH

8W LED Energy Saver PIR Floodlight – White

- Powerful 8W LED Energy Saving PIR Floodlight – equivalent to 100W incandescent lighting with only 10% of the running costs.
- Pan and tilt light aiming adjustment.
- Light on times adjustment 5 seconds to 10 minutes.
- Optional mode settings – Dusk to Dawn and Test mode.
- 140° PIR detector (pan only) within adjustable 180° range and 10m detection range.
- LUX (light level) adjustment – Day to Night (2 to 200 LUX – permanently ON when at max.).
- Operating temperature -20°C to +40°C.
- IP44 weatherproof rating.
- Exit ON feature.

LED100PIRB

Black Version

Shares all the features and benefits of the LED100PIRWH but is available in a black finish.

See page 89 for product specifications.

All these products carry a 3 year guarantee.

Night Eye Range of LEDs

NIGHT eye LED Lighting

Introducing the LED (100/200/400Series) outdoor lighting from Timeguard. They give instant brightness just like halogens but they are under half the size – and using a fraction of the power.

Meet the next generation of Energy Saving Outdoor Lighting.

Simple to Fit!

The ingenious 'clip on' design means that you simply wire the back plate to the wall and the body of the light clips on using Timeguard's Fast-fix terminal block connection.

Installation made quick and easy with Timeguard.

JUST CLIPS ON!
