

Gels, MP Gel

Gels

WISKA's extensive range of gels act as the perfect junction box filler.

From our classic **MP Gel**, mono-component **ONE GEL**, our transparent **Crystal Gel** to our re-positioning **Replay Gel** we have the solution for your requirement.

All gels have no expiry date, are non-toxic, offer good mechanical strength, are re-useable after opening and can be re-entered. With fast cross-linking and excellent electrical installation, WISKA has the gel for you.
