

# DUSK TIL DAWN LAMPHOLDER

- Automatically switches On at dusk and Off at dawn
- Fits between existing lamp holder and bulb to give instant security lighting
- Adjustable illumination periods
- Suitable for 40-100W bulbs, or 9-20W energy saving bulbs

## Features

Fits between existing lamp holder and bulb to give instant security lighting. Adjustable illumination periods. Unit automatically switches on at dusk for one of four selected time duration levels:

1, 2, 4, 8 hours.

Random feature switches lights on and off in an irregular manner - ideal for home security.

Can be used as a normal light. Suitable for 40-100W bulbs, or 9-20W energy saving bulbs.

For Bayonet style bulbs only.
