

NIGHTHAWK
Low Energy LED Security Light

- LED floodlight – 1100 lumen output
- 50,000 hours LED life
- Low energy 12.7w max. power consump.
- 160 degree PIR detector
- Wide spread illumination up to 120°
- Adjustable on time of 5 secs to 5 mins
- Adjustable lux – dusk to dark
- Adjustable floodlight and PIR direction – Horizontal and vertical axis
- Additional switching capability – 50W LED – 500W halogen
- Ideal for use with up to four NH150LED floodlights
- Weather proof, suitable for external use

Power Source	220 – 240VAC/50Hz
Power Consumption	12.7w (operational)
Detection Method	Passive Infrared Sensor
Detector Range	10M x 160 degrees
Light Output	1100 Lumens
Illumination Angle	120 degrees
Colour	5600K cool white
Time Adjustment	5 seconds to 5 minutes
Maximum Additional Load	LED 50W – Halogen 500W
IP Rating	IP55

NH150
Low Energy LED Flood Light

- LED floodlight – 1100 lumen output
- Wide spread illumination up to 120°
- Low energy 12.1w maximum power consumption
- Adjustable floodlight direction – Horizontal and vertical axis
- Ideal for use with the NightHawk security light with the capability to switch up to 4 extra NH150LED units
- Weather proof, suitable for external use

Power Source	220 – 240VAC/50Hz
Power Consumption	12.7w (operational)
Light Output	1100 Lumens
Illumination Angle	120 degrees
LED Light Output Colour	5600K cool white
Time Adjustment	5 seconds to 5 minutes
Maximum Additional Load	LED 50W – Halogen 500W
IP Rating	IP55
