Excel Mounting Hardware

100-175

In addition to the standard flat Euromod – 50x25mm and 6c – 22.5x37mm – is the recommended angled shutter. Available in the standard Euromod cut out size, this housing is designed to assist in the installation of large diameter cables in confined spaces such as standard back boxes, multi compartment trunking, and floor boxes.

The design presents the keystone at 45 degrees to both the solid conductor cable being terminated, and the RJ45 patch cable to be connected to the installed socket. This design optimises the space available and ensures minimal if any stress is applied to the cables during installation or use.

Each of the shutters and blanking plates available are compatible with the range of Excel faceplates.

Euromod and 6c Shutter features

- Choice of shutter size
- Choice of faceplate
- Suitable for use with
- Category 5e, Category 6 and Category 6_A Keystone jacks

Angled Shutter features

- Choice of design
- Compatible with Excel faceplates
- Labelling field

Faceplates features

- Supplied with fixing screws
- Choice of bevelled or flat style
- Choice of blanking plates
- Screen printing option available
