

# Electrical Courses & Qualifications

## Core Electrical Courses

We have superb 90% pass rates on most of our courses because we're solely focused on the success of our clients. We believe our training centres showcase this dedication and our ability to help you through your training.

### City & Guilds 2391 Practical Pre Assessment Day 1 Day £140

This electrical course is designed to give electricians the confidence to take and pass their 2391 assessments. If you need to brush up on your practical inspection & testing skills before the test then this is ideal.

### City & Guilds 2394 Initial Verification Course 5 Days £TBA

This 2394 electrical course is a level 3 QCF qualification and is new for 2012. It is essentially a testing and inspection course covering initial verification, inspection and testing and 3 phase inspection and testing.

### City & Guilds 2395 Inspection & Testing Course 4 Days £655

This electrician's course will replace the current 2391-10 Inspection and Testing courses during 2012 and will also include your online exam.

### City & Guilds 2396 Electrical Design Course 6 Days £649

The new electrician's course for 2012 is a level 4 qualification covering the design and installation of electrical systems.

## Core Electrical Courses

We're proud of how we do things here and upload our customer feedback online for past/present and potential customers to read. Visit [www.tradeskills4u.co.uk/reviews](http://www.tradeskills4u.co.uk/reviews) to see what we mean - we guarantee you'll be impressed!

### City & Guilds 2394 / 2395 Course Package 6 Days £995

This electrical course package covers both hands on and theoretical training on inspection & testing as well as periodic inspection and testing. As an advanced electricians course it is ideal for experienced installers especially those looking to gain JIB grading.

### City & Guilds 2377-22 & 2377-32 PAT Testing Course 2 Days £387

This PAT testing course is ideal for those who wish to take control of the entire portable appliance testing within their premises or company. It is open to all and can be a viable way of providing additional skills and earning some extra income. This course includes both management and operator exams.

### City & Guilds 2377-22 PAT Testing Course 2 Days £306

This PAT testing electrical course is very similar to the 2377-32 & 22 but only contains the operator exam. This course is open to all including non-electricians and domestic installers.

### City & Guilds 2377 3 Day PAT Testing Course 3 Days £495

This 3 day PAT Testing electrical course is designed specifically for those with little or no electrical experience. The course content is identical to our 2377-22 & 32 PAT testing course but with an extra day to provide you with a foundation in the subject.
