

Decorative Metal Wiring Accessories in Assorted Plate Finishes

Deco® unique product codes

When ordering any Deco® products, please specify the required finish by following the simple code structure as demonstrated here.

For georgian style cast brass, please replace the 'Plate Style' and 'Product Finish' with GCBR eg. GCBR036BK.

A comprehensive range of decorative metal wiring accessories now available under the single Deco® brand. A brand that is synonymous with high specification, high quality, long life and unprecedented value for money.

Each product is supplied individually packaged in its own distinctive printed box complete with comprehensive fitting instructions.

Deco® switches feature the same modular switch design as our moulded ranges. All of the switch modules featured in our dedicated modules brochure can therefore be used in any combination on Deco® accessories.

Deco® plates are manufactured from stainless steel, georgian style (GCBR) plates are manufactured from cast brass.

All Deco® 13A sockets and fused connection units are tested and approved to BS1363 offering assured quality and safety.

Every Deco® product featured in the pages of this brochure are available in 9 distinctive quality finishes: antique brass*, polished brass, polished chrome, satin chrome*, satin brass*, black nickel, pearl nickel, stainless steel and georgian style cast brass. *UK Design Registration 3015621.

All Deco® products are available with black or white inserts, excluding antique brass and black nickel finishes which are supplied with black insert and gasket only.

Switches

All Deco® switches are supplied complete with requisite switch module(s). However, should local conditions dictate, the installer may customise a switch arrangement by substituting switch modules by means of a simple, single fixing screw.

A comprehensive range of available modules is illustrated in our dedicated MiniGrid® brochure section.

Unfurnished mounting plates can be ordered separately and furnished with whatever selection of switch modules may be required.

All Deco® switch plates are modular as standard, allowing you to create virtually any switch plate you require e.g. Two way switch next to an intermediate switch (shown above).
