Whatever your security requirements, think Yale!

So you want us to give you a reason to upgrade your Cylinder?

Latest UK statistics indicate that on average **2 out of 100** homes are the victims of burglary every year

40% of burglaries involve the force of a door set. Homes with less than basic home security are **5.8%** more likely to be burgled. While home with enhanced security reduce this risk to **0.6%**

Changing your cylinder is the **quickest way to upgrade** your home security

By upgrading your Cylinder you can not only increase the security of your home and your valuables, but also increase your peace of mind. At Yale we understand how distressing it is to be the victim of a burglary, which is why we are here for the times you need us.

Why choose a Yale Cylinder?

Yale has a comprehensive range of euro profile cylinders to suit whatever your security needs.

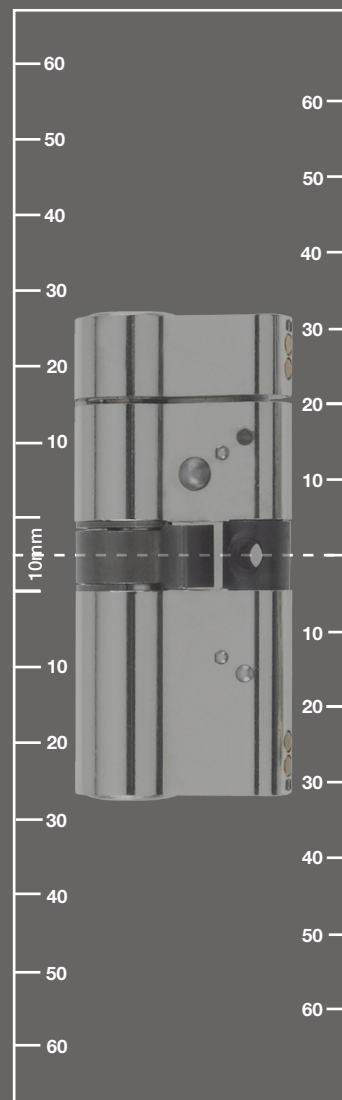

From our standard security to our maximum security range you can rest assured that Yale continues to improve through innovation to ensure our products deliver to the highest standards and quality.
