

- Mains Voltage Non Corrosive for Ansell T8 LED Tubes
- Fixture supplied with lockable stainless steel clips as standard

- Clear high output LED Tube provides up to 60% saving in energy consumption compared to fluorescent equivalent
- 30,000 hours average lifetime
- Non Dimmable

LED Tube Information

Total (Watts)	10W
	18W
	22W
Lumens 10W	900lm
18W	1550lm
22W	1800lm
CCT	4500K
Input	240V

IP65 T8 Pre-Wired Non Corrosive For LED Tubes and T8 LED Tubes

Non Corrosive supplied Less Control Gear
LED Tubes supplied c/w Integral Driver

ADP2

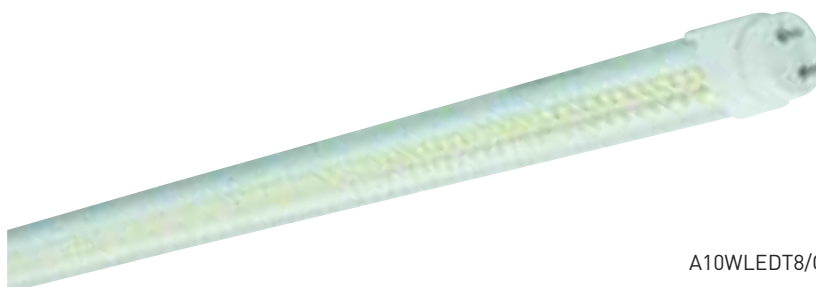

T8 Pre-Wired Non Corrosive

Code	Lamp	Description	A	B	C	D	Clips
