

Product Catalogue

Further details of our full product range can be found in our product catalogue. The catalogue details the entire range of Earthing & Lightning Protection products including Earthing Materials, Lightning Protection Products, Earth Bars, Surge Protection, Static Control and Kingsweld Exothermic Welding.

Each section is detailed with product images, technical information and application drawings.

Also featured in our catalogue is information regarding our commitment to standards, Earthing & Lightning technical background and more information on our manufacturing capabilities.

Website

Keep up to date with all Kingsmill activities via the company website. Here you will find detailed sections on all our products, technical information, about us, photo gallery, project list and the Kingsmill blog where you will find regular news, views and information.
