

**PRESS IT!  
MARK IT!  
DRILL IT!**

## TIME TO INTRODUCE YOURSELF TO THE **MARXMAN**™

Tired of pencils not being able to reach those awkward spaces? Had enough of trying to mark a fixing point on a rough or uneven surface? Meet the Marxman...

- Able to mark where pencils can't reach or fit
- Highly visible on rough and uneven surfaces
- Bright packaging means you'll never be digging around for a small pencil
- Create up to 250 marks per pen
- Non-greasy, chalk based paint is easy to rub off once finished.

## PRESS IT, MARK IT, DRILL IT IT'S NEVER BEEN EASIER

The Marxman is so simple to use you'll wonder why you never had it before. Shake well before use and prime with 1 or 2 pushes, position where necessary and press to create your mark, then you're ready to drill! Can mark almost any surface, including wood, stone, brick, plaster, pebbledash, metal, grease covered and tile.

## DIFFERENT SIZES TO SUIT YOUR REQUIREMENTS

**Standard** – To mark up to 45mm

**Deep Hole** – To mark deeper than 45mm
