

OSRAM LED Lamp Range

Comprehensive LED Solutions for your Trade

Light is OSRAM

INTRODUCTION

OSRAM LED retrofit portfolio – A leading range of lighting solutions using the latest LED technology.

OSRAM LED retrofit lamps and tubes are the only genuine certified self patented or licensed LED range on the market today. You will find exactly the right lamp for every application.

Hospitality

Retail

Industrial

Organisations

Key features and benefits:

- Broad portfolio
- Legally qualified to protect distributors and end users
- Easy to install
- Stylish design
- Energy efficient
- Exceptional light quality
- Narrow binning offering high colour consistency
- Long lifetime

What's more all products in the new range are compliant with ErP regulations affected from September 2013. For more information visit www.osram.co.uk/led

It's more than light. It's your project.

The OSRAM LED lamp and tube product range is available for all markets whether it's the Pro range for professional advanced solutions or the Trade range for every day applications.

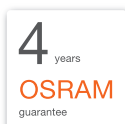

- Mains and Low voltage retrofit lamps
- Real retrofit T8 tube replacements in CCG luminaires with OSRAM SubstiTUBE®
- Different beam angles available
- Unique OSRAM lamp guarantee
- In a variety of light colours
- LEDOTRON digital dimming*

* PRO Range only

OSRAM PARATHOM®

Versatile LED lamps for standard applications

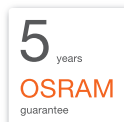

- Basic range
- Lifetime up to 15 years
- 4 years product guarantee
- Several light colours
- Switching cycles up to 100.000

OSRAM PARATHOM® advanced

Reliable LED lamps for demanding applications

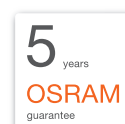

- Lifetime up to 25 years
- Several light colours
- For PAR16 up to 460lm
- Excellent colour rendering (Ra up to 80)
- Switching cycles up to 100.000
- All dimmable
- 5 years product guarantee

OSRAM PARATHOM® PRO advanced

High-quality LED lamps for professional demands

- Lifetime up to 50.000 hrs
- All dimmable, also with LEDOTRON dim technology
- Excellent colour rendering (Ra up to 90)
- Several light colours
- Switching cycles up to 1.000.000
- 5 years product guarantee

OSRAM SubstiTUBE® Value

LED as an alternative to T8 fluorescent tubes

- Quick re-lamping with no rewiring
- Uniform illumination with no warm-up phase or flickering
- Extremely long life of up to 30 years

Detailed guarantee conditions at www.osram.com/guarantee

Introducing LIGHTIFY™ Pro New Lighting Technology from OSRAM

Your bridge to enabling wireless smart lighting in your professional environment with almost unlimited light setting possibilities

- Easy system setup and configuration via App
- Wireless control of lighting via Smart devices (phones, tablets and PC) and system integration of manual switches
- Intelligent upgrade of existing light installation
- Practical individual control via mobile devices in almost all IT networks
- LIGHTIFY™ Pro app: intuitive operating interface for the commissioning and configuration of all luminaire functions
- Simple commissioning and reduced installation costs because of no of bus lines
- Especially suitable for modernisation of projects and difficult-to-access areas
