

Integrated USB Charging

2 amp tablet charger
1 amp phone charger

The unique Focus SB USB charging socket can be integrated on most of our plate ranges and finishes.* It has a fast charge rate and is a more attractive solution to some other options. Total charging rate is 3 amp via a 2 amp socket and a 1 amp socket, amperage is NOT shared between sockets. This ensures that the Focus SB Integrated USB charges specific devices quickly and efficiently even when two sockets are in use.

Features

- Two USB Ports
- Port one rated 2.1 amp at 5V
- Port two rated 1 amp at 5V
- Max output of 3.1 amp
- 2 x 13 amp sockets - 250v rated
- CE tested and marked
- Available with white or black interiors

Conforms to:

- BS: 5733: 2010 + A1: 2014
- EN: 60950-1
- BS: 1363-2: 1995 + A4
