

## Heating that stands out from the crowd

We believe that heating should be an integral part of your home, not just for practical reasons but to transform your space into a comfortable and stylish area. That's why we have introduced the new [DESIGNLINE special finishes collection](#).

With colours and styles inspired by nature, add a touch of luxury to your space and enjoy a wide range of beautiful solutions designed for maximum comfort and energy efficiency. From vibrant shades to precious metals, choose your perfect finish today.

These new artisanal finishes are suitable for residential and commercial properties and are available in the Rointe [D Series](#) range of electric radiators and towel rails. They are particularly well suited to high-end construction projects like hotels and housing developments.

Meticulously crafted by specialists, the Designline range adds style and efficiency without affecting comfort. Each product is unique with a flawless finish that will fit seamlessly into any décor.

Through the use of metals and textures like 24 carat gold and marble, alongside a wide variety of colours like earthy reds and aqua blues, we've created beautiful heating solutions designed with you in mind.

Available in over 28 RAL colours and 12 special finishes that include metals along with oxide and marble effects. Click [here](#) to view more information.
