

Features & Benefits

- Suitable for Gigabit Ethernet applications
- Shallow design requires minimal back-box depth
- Interchangeable with other Euro modules and 1/4 blanks
- Industry standard IDCs
- Individually QA tested
- Also available as PABX Secondary or Full Master Voice Module

Specification

Width	25mm
Depth	22mm
Height	50mm
Back-box Depth	Minimum 15mm recommended
Material	Polycarbonate/ABS thermoplastic resin, with grade UL94 V0 at 1.5mm flame retardancy
Finish	High gloss
IDC Labels	Individual colour coded labels to T568B
IDC Blocks	4 way industry standard IDC blocks
Conforms to	ANSI/TIA-568-C Enhanced Category 5 Specification

Ordering Information

Product Description	Part Number
Cat 5e Compact UTP Euro Module	008-000-000-20

The Connectix Enhanced Category 5 Compact Module is designed to provide one of the shallowest wall outlets on the market. They are the ideal solution wherever back-box depth is a problem.

The attractive high gloss finish and easy to use labelling system are identical to all other Connectix Cabling Systems Modules, making them interchangeable in most applications.

Enhanced Category 5 Compact Modules can be fitted into single or dual gang faceplates and can be combined with quarter blanks and/or voice modules to provide the required configuration.

The modules offer extended PowerSum characteristics and exceed the ANSI/TIA-568-C specifications. When combined with Connectix Enhanced Category 5 Patch Panels and UTP Cable the link will perform well in excess of the Enhanced Category 5 Specification.
