Vimark **Curve**

Vimark **Evo**

Vimark Heritage

Steeped in over 20 years of history and synonymous with quality, reliability and value, Deta Vimark has carved out an enviable market leading position and remains the wiring accessory range of choice amongst specifiers, wholesalers, contractors and end-users. Renowned for its ease of installation and with a broad range of accessories, Deta Vimark provides the perfect solution for everyday domestic and commercial applications.

The Next Generation

Following two years of extensive development by our dedicated team of product engineers, we are proud to introduce the new Vimark **Curve** and Vimark **Evo** ranges. Sleek and innovative in design, Vimark **Curve** and Vimark **Evo** present a stylish and contemporary addition to the Vimark range.

Vimark Curve

A modern and contemporary range of white moulded accessories, combining style and simplicity to blend seamlessly into the décor of any domestic or commercial building.

Vimark Evo

A sophisticated and stylish range of polished chrome and brushed stainless steel accessories, providing a smart and timeless finish whatever the application.

Better by design

Stylish

Smooth, curved profile front plate and rocker design, stylish and contemporary in appearance, blending perfectly with any modern day setting.

Versatile

Available in white plastic, polished chrome or brushed stainless steel with a choice of white or black inserts, and a broad range of accessories to match, seamlessly complementing the décor of all room interiors.

Engineered

Clear terminal markings and captive, backed out terminal screws provide for an efficient, time saving and effortless installation.

The complete solution

Vimark **Curve** and Vimark **Evo** offer a broad and comprehensive range of accessories in multiple finishes to meet the demands of any domestic or commercial application.

An extensive range of matching gridswitch plates and modules are available, providing a versatile and cost-effective switching management solution to meet the requirements of the most demanding commercial and public building specifications.

With a comprehensive selection of matching data plates and euro modules, the range provides a flexible solution for multiple data and AV applications.

Intelligent control

Vimark **Curve** and Vimark **Evo** Universal Dimmers are the ideal choice for dimming LED's, incandescent or low voltage halogen lamps.

Intelligent dimmers operate in either leading or trailing edge mode with a soft start function, and can be easily programmed to work with leading lamp brands.

Recharge your batteries

Supercharged

USB charging sockets provide the perfect charging solution for the growing number of portable devices available in today's modern world.

Incorporating two high powered USB ports, the USB charging socket provides up to 3.4A of simultaneous power output, suitable for charging the most demanding devices super-fast.

Convenience

Ideal for kitchens, lounges, bedrooms and offices, the USB charger is suitable for charging all portable devices including phones, tablets and cameras.
