IMPORTANT INFORMATION

It is recommended that luminaires are installed and fitted by a qualified electrician ensuring the installation complies to the current IET wiring regulation.

If simply replacing existing fitting, please ensure you follow these instructions and the appropriate wiring regulations. This product is designed for connection to a 230V AC Mains supply.

Always switch off mains supply before servicing a fitting. Special attention should be paid to any installations with low ceiling voids.

This fitting is compatible with most trailing edge dimmers for best results use a dimmer designed for LED drivers.

Please note that many dimmers have a minimum load requirement which may mean multiple units have to be connected for the dimmer to function correctly.

Please see our website at www.greenbrook.co.uk for details of compatible dimmers.

INSTALLATION INSTRUCTIONS

We recommend that a sample hole is cut in some scrap material to familiarise yourself with the installation.

Once you are completely satisfied, locate the areas suitable to install these luminaires. Cut a suitable round hole in the ceiling (see cut out size in table overleaf) and ensure there is sufficient space in the ceiling void without infringing on joist, water pipes or electrical cables.

Fit this product as illustrated in Dia 2. Connect this product to a mains 230V supply only. Connect the Brown feed wire to "L", connect the Blue feed wire to "N".

Driver is class 2 and does NOT require an earth connection.

The nearest illuminated surface must be at least 0.5m distance away from the front of the fitting.

Do not install this product into new plaster or damp areas.

Stage 1 -

Read instructions and check you have all the tools and accessories to complete installation correctly.

Stage 2 -

These luminaires are suitable for a 30, 60 or 90 minute fire rated ceiling only.

Cut a suitable hole (sizes shown in the technical information table overleaf).

Stage 3 -

Press springs back and push luminaire body into aperture. Connect the luminaire to the supplied driver.
