

PRODUCT

PATCO

Pattress for use with Mains Carbon Monoxide Alarms

DESCRIPTION

Pattress for surface installation of all Kidde carbon monoxide alarms

KEY FEATURES

- **Surface mounted** – fits all Kidde mains CO alarms – 4MCO and 4MDCO
- **Easy to fit** – for convenient installation, particularly suitable for retrofit

WHERE TO USE

For surface installations involving cable entry via trunking or conduit. The PATCO can be used, via a suitable relay control, to trigger auxiliary devices such as door closers, warning lights, horns and suitable warden-call systems. This pattress is fully compatible with the Kidde 4MCO and 4MDCO mains carbon monoxide alarms.

GENERAL FEATURES

Model	PATCO
