

Model: **HC2TF**

Description: **2KW Convector Heater with Turbo Fan Heater**

Product Features

- Automatic selection of 3 heat settings: 750W / 1250W / 2000W
- Available in 3 functional versions: Standard / Turbo (with fan heater) / Timer (with 24hr segment timer)
- Complete with Turbo fan heater for increase air circulation
- Slim, compact and light design with easy to set on/off function
- Variable thermostat control with over heating and thermal safety protection trip over cut-out switch
- White body with black handle and sturdy feet plastic studs
- Lightweight and portable
- Silent operating

Technical Information

Wattage (W)	2000
Applications	Domestic & commercial applications
Approvals/Certifications	CE, GS, RoHS, BSEN 60335-1:2012
Body Material	Durable corrosion resistant powder coated steel body
Cable Length (metres)	1.8
Class	I
Frequency (Hz)	50-60
Gross Weight (g)	3700
Grill	Steel
Ingress Protection (IP)	IP20
Input Voltage (v)	220-240
Mounting	Floor, Free Standing
Mounting Bracket (Y/N)	N
Output Rating (W)	2000
Over-Heat Protection (Y/N)	Y
Plug Type	13A 3 Pin Uk Plugtop
Product Colour/Finish	White
Tip-Over Sensor (Y/N)	Y
Warranty Period (Years)	1
Dimensions (mm)	585*420*200
Barcode	5027825600135
