KEWTECH

The battery powered EZYPAT PLUS - PAT testing simplicity with run leakage.

When you need to power on the appliance to test fully, then the EZYPAT PLUS is a great non-downloading option. This PAT tester has all the features of the EZYPAT and in addition, it will conduct a run leakage test at 110V and 230V.

Blue screen indicating run test warning

Back light

Short and extended earth continuity test

Fast and easy test lead null

Light and ergonomic shape

BS1363 Plug can test 110V appliances with adapter

IEC connector for IEC leads and extension leads

Special mains lead connection can be 230 V or 110 V

4mm connector for class I earth and class II insulation test leads
