

## APWIFIDSBP2

Battery Powered Wi-Fi Door Station  
with Record Facility

- Alerts user to visitors via smart-phone APP
- Up to 6 months battery life, based on 2 activations per day
- High Definition colour image and 2-way audio
- Visitor record function, Smart Detection (PIR + Motion Detection)
- No subscription or additional fees required to access recorded files
- Complete with internal hub that houses recorded files for system security and operates as a wire-free door chime
- Contemporary housing
- Infra-red LEDs for low light use
- Weatherproof rating: Ingress protection IP55
- Inbuilt rechargeable battery
- Requires 2.4GHZ Wi-Fi connection

<b>Door Station</b>	
Sensor Size	1/2.8"
Lens	Field of View 150°
Resolution	1080p
Audio	Full Duplex
Sensitivity	1Lux
LED	1pcs
LED Distance	3 Meters
Construction	Polycarbonate
Ingress Protection	IP55
Connection	2.4GHz Wi-Fi
System Range	150 Meters to HUB
<b>Power</b>	
Battery	Rechargeable 3.7v 5000mAh Li-polymer Battery
Charge Time	4 Hours
Charge Port	Micro USB
Weight	233g
Working Temperature	0°C ~ /50°C
Dimensions	W61 x D26 x H145mm
