

Smoke Sensors

- Place in or just outside bedrooms or in the hallway close to any sleeping area.

Door Contacts

- Mount the main part on the fixed part of the door or window.
- Mount the magnet on the mobile part of the door or window so that it connects with the main part.

Pet Tolerant Detector

- Install the sensor at a height of 2.3m-2.7m.
- Avoid direct or reflected sunlight.
- Position sensor away from windows and heating/cooling devices.
- The sensor must have a clear line of sight to the protection area.
- Select correct pet tolerant setting.

LCD or LED Keypads

- Mount in position which allows easy operation for the system users, typically close to the main door and master bedroom.

PIR Motion Sensors

- Install the sensor at a height of 2.3m-2.7m.
- Avoid direct or reflected sunlight.
- Position sensor away from windows and heating/cooling devices.
- The sensor must have a clear line of sight to the protection area.

Internal Siren

- Place in the centre of the home out of reach.

External Siren

- Install in a high location from which the siren can be seen and heard.

Informa Speech Dialler

- Locate where it can be easily operated by system users and in a convenient location for connection to the phone line.
- Ideally do not connect other telephone apparatus to the same line.

WIRED MOTION SENSORS | PASSIVE INFRA REDS (PIRS)

Compact PIR with Pet-Immunity

ORDER NO. | IS312B

Passive Infra Red Motion Sensor

- Sleek, Sturdy Housing - 12 x 17m detection range
- Pet friendly Selectivity (up to 36kg)
- Integrated Screw Retention Features
- Uniform Sensitivity
- Optics Wall-to-Wall Coverage
- Superior Detection and False Alarm Immunity
- Selectable Look Down PIR Light Light Immunity
- Wall/ceiling bracket supplied

IntelliSense PIR

ORDER NO. | IS312

Passive Infra Red Motion Sensor

- Sleek, Sturdy Housing - 12 x 17m detection range
- Pet friendly Selectivity (up to 36kg)
- Integrated Screw Retention Features
- Uniform Sensitivity
- Optics Wall-to-Wall Coverage
- Superior Detection and False Alarm Immunity
- Selectable Look Down PIR White Light Immunity

PIR Motion Sensor

ORDER NO. | IS3016

- Sleek, Sturdy Housing
- 16m x 22m detection range
- Power: 9 - 15V DC, 7mA @ 12V DC
- Passive infrared Fresnel lens
- Operating temperature: -10°C to 55°C
- Cover and pry-off tamper switch
- Built in EOL resistors,
- plug-in electronics

PIR Motion Sensor with Pet Immunity

ORDER NO. | IS3012

- Sleek, Sturdy Housing
- 12m x 17m detection range
- Pet Friendly selectivity (45 kg)
- Power: 9 - 15.4V DC, 7mA @ 12V DC
- Passive infrared Fresnel lens
- Operating temperature: -10°C to 55°C
- Cover and pry-off tamper switch
- Plug-in electronics
