Specifications

Model No. **R201PS R208PS** 220-240V~50/60Hz Supply Voltage: 220-240V~50/60Hz Lamp Type: GU10 Max.50W GU10 Max.50W Ta Range: -20°C < ta < 40°C -20°C < ta < 40°C IP Rating: IP20 IP20 Safety Class: Class II Class II Overall Diameter: 80mm 105mm Depth: 90mm 90mm Cutout: 60mm 85mm Weight: 0.1Kg 0.19Kg Warranty: 2 year 2 year

Suitable for mounting on normally flammable surface

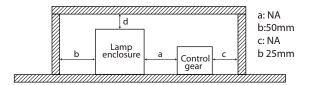

Complies with EN60598 (BS4533)

Luminaires and transformer not suitable for covering with thermally insulating material

O-0.5m

Suitable for mounting on normally flammable surface Minimum distance from illuminated object is 0.5 metre

Installation

to release the lamp.

- 1 Ensure mains supply is switched off
- 2 Mark ceiling with appropriate cut-out size
- 3 Before cutting, ensure that the hole does not impinge on joists, pipe work, cables or other building services
- 4 Ensure there is at least 50mm of free space around and 25mm above the luminaire. Do not cover the luminaire with thermal insulation
- 5 Connect supply cables Live and Neutral to fitting terminals (polarity is unimportant). Do Not Earth
- 6 Fit springs and offer luminaire up to cut-out with the longer leg of each spring being held vertically. The luminaire is retained in position by the spring tension between the short and the long leg of each spring against the ceiling
- 7 Lamp installation and replacement:
 ! Ensure mains supply is off.! When operating the luminaire is too hot to touch. Switch off and allow to cool before undertaking any maintenance work. Remove clip

Information for the Product user:

- 1. Please note the requirement to dispose of Waste Electrical & Electronic Equipment separately from household waste (WEEE marked with crossed out wheelie bin symbol).
- 2. Please consider your role in contributing to re-use and recycling by returning this product at end of life to a collection centre for waste electrical equipment or a Civic Amenity site, or to a retail outlet from which you are purchasing a replacement.
- 3. This equipment may contain substances that are hazardous to health and the environment if disposed of carelessly. It is important that it is separated from normal household waste and recycled in the WEEE chain
- 4. The "crossed out wheelie bin symbol" on a product indicates this equipment must not be disposed of in normal household waste, but should be disposed of according to local WEEE regulations

The Installation must be carried out by an electrician
