

M & E

We are pleased that you have chosen to take a look at our Product Catalogue – thank you!

We hope that you will find what you are looking for, but if you have any queries please contact us directly. We are really friendly and our knowledgeable team would be delighted to talk to you.

Metpro is a proud British family business. We thrive on hard work, supporting the electrical wholesale trade with excellent service. We maintain high levels of stock throughout the year so that you don't need to, and we offer good quality products at great value to help you run your business profitably.

Ordering From Us

Our product code numbers are clearly shown in the catalogue along with our minimum pack quantities for your convenience. It's easy to order from us either by e-mail, by fax or just call us. We are here from 8.30am until 5pm every weekday.

Just email sales@metpro.co.uk, Fax 0121 552 3363 or call 0121 552 2100 and we are ready to help.

Fast Delivery

We pride ourselves on shipping orders promptly so that you receive them in full, on time, every time.

Normally orders received before 3pm will be shipped that afternoon (**Excluding Conduit Tube**). Orders received after 3pm will be shipped the following day. For more urgent shipment requirements simply talk to us to see what we can do!

We are more than happy to accept orders for on-site deliveries direct to contractors if required.

Technical Enquiries

For all technical enquiries and requests for product specifications please call 0121 552 2100.

We would like to thank all our existing customers for their kind support and welcome all new customers.

An Introduction to Metpro

Metpro Limited was established in 1993 and since then has gained experience and grown steadily into one of the leading suppliers of Cable Management Fittings and Accessories in the UK. We supply a wide range of products to suit both the mechanical and electrical installation markets.

Marketing Strategy

Our Marketing strategy is to supply only through Distributors and Wholesalers, giving them our unwavering support in supplying products to the trade contractor.

Ideally located in Smethwick in the West Midlands we operate from a 50,000ft² warehouse facility and offices less than one mile from J1 of the M5.

We hold extensive stocks of all parts for seamless availability of quality product at competitive prices. This enables us to offer a next day delivery service to most areas of the UK and unrivalled customer service resulting in us having a solid reputation for giving our customers exactly what they want, when they want it.

Our mission for excellence has been rewarded by our ever increasing customer base and our aim is to maintain a high level of customer satisfaction. The Metpro M&E Division prides itself on exceptionally high levels of customer service.

We have strong relationships with our suppliers in Asia to ensure a robust supply chain. We have invested heavily in IT systems and people to ensure that our logistics operation runs smoothly.

Manufacturing and Design Innovation

We work hard at our supplier relationships and continually develop and improve our products in partnership with the factories. Evidence of the Innovation that Metpro has brought to the industry recently can be seen in our range of Top Hat Brackets, Fire-resistant Cable Clips and Easyfit Channel Nuts, all designed and developed in house by Metpro.

We have in house CAD design using CATIA and 3D printing facilities for prototyping, sampling and component testing.

The Metpro Group

Metpro Group comprises two Divisions of which M&E is one.

Metpro M&E supplies Conduit Tube, Conduit Accessories and Cable Management and Wiring and Cable accessories to the Electrical Wholesale Trade.

Metpro Global Sourcing Division supplies bespoke metal components and plastic mouldings to UK manufacturers. We have manufacturers in Asia that can deliver components made from a wide variety of processes, materials and finishes to exacting quality standards.

Quality

Our Company philosophy is one of Quality at all levels and stages from enquiry to delivery. Our Quality management system involves working practices, disciplines and procedures that govern everything that we do to ensure that we supply our customers with the best products and service.

All products listed in this brochure are manufactured by our suppliers under a certified ISO 9000 system or have their quality assured to that level by the rigorous inspection of direct employees of Metpro Limited to ensure a uniform standard of quality. Our dedicated quality team in Asia ensures that all of our products are inspected during manufacture and upon completion of production, prior to shipment to the UK. Sample inspection is then carried out upon receipt in our warehouse. Our Quality Department has fully equipped Testing facilities which allow for mechanical and dimensional testing.

- Metpro Limited has ISO9001 2008 Certification
- Members Of The British Standards Institute
- Internal Quality Control To BS6001: 1991 S4
- Dedicated UK Quality Control Manager
- Metpro directly employ Asian Nationals to oversee Quality Control prior to despatch
- UKAS Certified Calibrated Measuring Equipment

Relevant Product Standards

All M&E wholesale products are supplied in accordance with the appropriate standard of specification (BS, DIN, ISO, etc.)

British Standards

Metpro products are manufactured in accordance with the relevant British Standards where applicable. Compliance with these standards is essential should the installation need to conform to the requirements of the IEE Regulations.

These include:

Conduit Tube, Fittings & Accessories
BS EN 61386-1 2008 and BS31:1940 for imperial components.

Adaptable Boxes BS 4568 part 2

Switch and Socket Boxes BS 4662

Channel Support Fittings BS 6946:2002

LUL London Underground Certification

In addition we are proud to have London Underground Certification for most of the products we supply for use on surface and sub-surface locations, compliant to LU Standard 1-085. This means that our products are suitable for installation in the most safety critical environments and cover:

- Metal Adaptable Boxes and Switch/Socket Back Boxes
- Channel Support Brackets and Top Hat Brackets
- Metal Galvanised Conduit Boxes and Accessories

Please contact us for copies of the certification if required.

Conduit Tube

Metpro Conduit tube is available in both Class 4 Hot Dipped Galvanised Steel and Pre-Galvanised Steel. HDG Class 4 Conduit tube is manufactured in accordance with BS EN 61386.

The conduit is packed and shipped in Master Bundles (also known as Lifts). Each Master bundle comprises the stated number of individual lengths and measures approximately 45-50 centimetres in diameter and 3.75 or 3.0 metres long.

All Metpro Conduit tube is threaded at both ends and is supplied with one coupler and one plastic thread protection cap.

LUL London Underground Certification

- Metpro Conduit Tube is certified for use on London Underground in surface and sub surface locations, compliant to LU Standards 1-085. Certification is available upon request.

Class 4 Conduit Tube - BS EN 61386

- Hot Dipped Galvanised inside and out
- Ink jet marked - Metpro EN61386 Class 4
- 32mm Dia. Available in 3.75m length only

Code	Length	Diameter	Lengths per Bundle	Lengths per Master Bundle	Metres per Master Bundle
GC20/3	3.00m	20mm	8	400	1200
GC25/3	3.00m	25mm	8	320	960
GC20	3.75m	20mm	8	400	1500
GC25	3.75m	25mm	8	320	1200
GC32	3.75m	32mm	4	84	315

Class 4 Conduit Tube - In Accordance with BS 31

- Hot Dipped Galvanised inside and out to Class 4
- Ink jet marked

Code	Length	Diameter	Lengths per Bundle	Lengths per Master Bundle	Metres per Master Bundle
GC4*	3.75m	1-½"	4	84	315
GC5*	3.75m	2"	4	84	315

* Available in 3.75m lengths only.

Pre Galvanised Conduit Tube

- Pre Galvanised sheet steel
- Ink jet marked - Metpro

Code	Length	Diameter	Lengths per Bundle	Lengths per Master Bundle	Metres per Master Bundle
GCP20/3	3.00m	20mm	8	400	1200

CHAPTER 52® Fire-Resistant Cable Clips for PVC Trunking

To comply with BS 5839-1 Fire Alarm Installations, Fire Resistant Clips MUST be used in plastic trunking to support cables in the event of fire. Amendment 3 of BS7671 Wiring Regulations stipulates that cables need to be retained within trunking to protect from the risk of falling cables in the event of a fire. Metpro's New CHAPTER 52® Fire-Resistant Clips are compliant with these regulations and offer unique features for use with all sizes of trunking.

- Range caters for all sizes of Trunking from Mini 25 x 16mm to Standard 46 - 50mm
- Unique Fixing Slot design secures cables after trunking has been installed to the wall
- Off Centre fixing option ideal for uneven walls
- Cables retained with easy fold 'tabs'
- Fire Rated to 930°C for 120 mins to BS8434-2 (Test certification available on request)

For Trunking Size	Code	Pack
25 x 16mm	FRC25	100
32 - 40mm Base	FRC40	50
46 - 50mm Base	FRC50	50

This is how they work

1. Pullout cables, slacken off screw

2. Slide clip under screw head and tighten

3. Re-install cables

4. Push down tabs

CHAPTER 52® Fire-Resistant Spacer Bar Saddles for PVC Conduit

Fully Compliant to New BS7671

Amendment 3 of BS7671 Wiring Regulations stipulates that cables need to be retained within PVC Conduit to protect from the risk of falling cables in the event of a fire. Metpro's "Chapter 52®" Fire-Resistant Spacer Bar Saddles are the compliant solution that also answer the colour match issue for the installation of White PVC Conduit systems.

- Prevents cable collapse in fire situations within Commercial and Industrial installations
- Fire-Rated to 930°C for 120 minutes to BS8434-2
- Available for use with either 20 or 25mm diameter PVC Conduit tube
- Fully RoHS and LSF compliant, Halogen Free
- Colour matched to suit most UK Conduit systems

For Conduit Size	Code	Pack
20mm	SBS20WH	100
25mm	SBS25WH	100

The *Easyfit* Channel Nut

The NEW universal solution that fits all strut types

- One size fits all strut depths
- Replaces all sizes of Spring Nut
- Only 4 sizes to stock not 12!
- M6, M8, M10 and M12 sizes available

This is how they work

Place in Strut

Turn Clockwise

Secured and Ready

Job Done!

Benefits for the Contractor

- Saves Installation time and cost*
- Ideal for all types of slotted strut
- No more springs to untangle
- No Springs to get caught in slotted strut
- Easy and fast assembly with one hand

Twist and Lock

Easy twisting finger grip within the nylon cone makes installation easy
Twist and lock design prevents rotation over 90° to ensure perfect installation.

Slide and Hold

Slides easily within channel along the strut length for precise positioning.
Non-slip Cone holds nut in place even on vertically installed channel.

*Can reduce installation times by up to 30% compared to conventional spring nuts

The customer's attention is drawn in particular to the provisions of clause 9

1. Interpretation

1.1. Definitions. In these conditions, the following definitions apply:-

"Business Day"	a day (other than a Saturday, Sunday or public holiday) when banks in London are open for business.
"Conditions"	the terms and conditions set out in this document as amended from time to time in accordance with clause 11.6.
"Contract"	the contract between the Supplier and the Customer for the sale and purchase of the Goods in accordance with these Conditions.
"Customer"	the person or firm who purchases the Goods from the Supplier
"Force Majeure Event"	has the meaning given in clause 10.
"Goods"	the goods (or any part of them) set out in the Order.
"Order"	the Customer's order for the Goods, as set out in the Customer's purchase order form, the Customer's written acceptance of the Supplier's quotation, or overleaf, as the case may be.
"Specification"	any specification for the Goods, including any related plans and drawings, that is supplied to the Supplier by the Customer, or produced by the Supplier and agreed in writing by the Customer.
"Supplier"	Metpro Limited (registered in England and Wales with company number 2849037).

1.2. Construction. In these Conditions, the following rules apply:

- 1.2.1. A **person** includes a natural person, corporate or unincorporated body (whether or not having separate legal personality).
- 1.2.2. A reference to a party includes its personal representatives, successors or permitted assigns.
- 1.2.3. A reference to a statute or statutory provision is a reference to such statute or provision as amended or re-enacted. A reference to a statute or statutory provision includes any subordinate legislation made under that statute or statutory provision, as amended or re-enacted.
- 1.2.4. Any phrase introduced by the terms **including**, **include**, **in particular** or any similar expression shall be construed as illustrative and shall not limit the sense of the words preceding those terms.
- 1.2.5. A reference to **writing** or **written** includes faxes.

2. Basis of contract

- 2.1. These Conditions apply to the Contract to the exclusion of any other terms that the Customer seeks to impose or incorporate, or which are implied by trade, custom, practice or course of dealing.
- 2.2. The Order constitutes an offer by the Customer to purchase the Goods in accordance with these Conditions. The Customer shall ensure that the terms of the Order and any relevant Specification are complete and accurate.
- 2.3. The Order shall only be deemed to be accepted when the Supplier issues a written acceptance of the Order or if earlier, when the Supplier delivers the Goods, at which point the Contract shall come into existence.
- 2.4. The Contract constitutes the entire agreement between the parties. The Customer acknowledges that it has not relied on any statement, promise or representation made or given by or on behalf of the Supplier which is not set out in the Contract. Any samples, drawings, descriptive matter, or advertising issued by the Supplier and any descriptions or illustrations contained in the Supplier's catalogues or brochures are issued or published for the sole purpose of giving an approximate idea of the Goods described in them. They shall not form part of the Contract or any other contract between the Supplier and the Customer for the sale of the Goods.
- 2.5. A quotation for the Goods given by the Supplier shall not constitute an offer. A quotation shall only be valid for a period of 20 Business Days from its date of issue.

3. Delivery

- 3.1. The Supplier shall ensure that:
 - 3.1.1. each delivery of the Goods is accompanied by a delivery note which shows the date of the Order, all relevant Customer and Supplier reference numbers, the type and quantity of the Goods (including the code number of the Goods, where applicable), special storage instructions (if any) and, if the Order is being delivered by instalments, the outstanding balance of Goods remaining to be delivered; and
 - 3.1.2. if the Supplier requires the Customer to return any packaging materials to the Supplier, that fact is clearly stated on the delivery note. The Customer shall make any such packaging materials available for collection at such times as the Supplier shall reasonably request. Returns of packaging materials shall be at the Supplier's expense.
- 3.2. The Supplier shall deliver the Goods to the location set out in the Order or such other location as the parties may agree (**Delivery Location**) at any time after the Supplier notifies the Customer that the Goods are ready.
- 3.3. Delivery of the Goods shall be completed on the completion of loading of the Goods at the Delivery Location.
- 3.4. Any dates quoted for delivery are approximate only, and the time of delivery is not of the essence. The Supplier shall not be liable for any delay in delivery of the Goods that is caused by a Force Majeure event or the Customer's failure to provide the Supplier with adequate delivery instructions or any other instructions that are relevant to the supply of the Goods.
- 3.5. If the Supplier fails to deliver the Goods, its liability shall be limited to the costs and expenses incurred by the Customer in obtaining replacement goods of similar description and quality in the cheapest market available, less the price of the Goods. The Supplier shall have no liability for any failure to deliver the Goods to the extent that such failure is caused by a Force Majeure Event or the Customer's failure to provide the Supplier with adequate delivery instructions or any other instructions that are relevant to the supply of the Goods.
- 3.6. If the Delivery Location is anywhere other than the Supplier's premises and any of the Goods become lost damaged during the delivery to the Delivery Location, the Supplier's total liability to the Customer in respect of such loss of damaged Goods shall not exceed the higher of the price of the Goods or the amount actually recovered from the third party that delivered the Goods to the Delivery Location on behalf of the Supplier.
- 3.7. If the Customer fails to accept delivery of the Goods within 3 Business Days of the Supplier notifying the Customer that the Goods are ready, then, except where such failure or delay is caused by a Force Majeure Event or the Supplier's failure to comply with its obligations under the Contract:
 - 3.7.1. delivery of the Goods shall be deemed to have been completed at 9.00 am on the third Business Day following the day on which the Supplier notified the Customer that the Goods were ready; and
 - 3.7.2. the Supplier shall store the Goods until delivery takes place, and charge the Customer for all related costs and expenses (including insurance).
- 3.8. If 10 Business Days after the Supplier notified the Customer that the Goods were ready for delivery the Customer has not accepted delivery of them, the Supplier may resell or otherwise dispose of part or all of the Goods and, after deducting reasonable storage and selling costs, account to the Customer for any excess over the price of the Goods or charge the Customer for any shortfall below the price of the Goods.
- 3.9. The Customer shall not be entitled to reject the Goods if the Supplier delivers up to and including 5% more or less than the quantity of Goods ordered, but a pro rata adjustment shall be made to the Order invoice on receipt of notice from the Customer that the wrong quantity of Goods was delivered.
- 3.10. The Supplier may deliver the Goods by instalments, which shall be invoiced and paid for separately. Each instalment shall constitute a separate Contract. Any delay in delivery or defect in an instalment shall not entitle the Customer to cancel any other instalment.
- 3.11. Any claims for shortage, non-delivery or Goods damaged during transit must be notified to the Supplier within 3 Business Days of the date of delivery (in the case of shortage or Goods damaged in transit) or the anticipated date of delivery (in the case of non-delivery).

4. Quality

- 4.1. The Supplier warrants that on delivery, and for a period of 12 months from the date of delivery (**warranty period**), the Goods shall:
 - 4.1.1. conform in all material respects with their description and any applicable Specification; and
 - 4.1.2. be free from material defects in design, material and workmanship.
- 4.2. Subject to clause 4.3, if:
 - 4.2.1. the Customer gives notice in writing to the Supplier during the warranty period within a reasonable time of discovery that some or all of the Goods do not comply with the warranty set out in clause 4.1; and
 - 4.2.2. the Supplier is given a reasonable opportunity of examining such Goods; and
 - 4.2.3. the Customer (if asked to do so by the Supplier) returns such Goods to the Supplier's place of business at the Customer's cost, the Supplier shall, at its option, repair or replace the defective Goods, or refund the price of the defective Goods and the cost of their return in full.
- 4.3. The Supplier shall not be liable for Goods' failure to comply with the warranty set out in clause 4.1 if:
 - 4.3.1. the Customer makes any further use of such Goods after giving notice in accordance with clause 4.2; or
 - 4.3.2. the defect arises because the Customer failed to follow the Supplier's oral or written instructions as to the storage, commissioning, installation, use and maintenance of the Goods or (if there are none) good trade practice; or
 - 4.3.3. the defect arises as a result of the Supplier following any drawing, design or specification supplied by the Customer; or
 - 4.3.4. the Customer alters or repairs such Goods without the written consent of the Supplier; or
 - 4.3.5. the defect arises as a result of fair wear and tear, wilful damage, negligence, or abnormal storage or working conditions.
- 4.4. Except as provided in this clause 4, the Supplier shall have no liability to the Customer in respect of the Goods' failure to comply with the warranty set out in clause 4.1.
- 4.5. Except as set out in these Conditions, all warranties, conditions and other terms implied by statute or common law are, to the fullest extent permitted by law, excluded from the Contract.
- 4.6. These Conditions shall apply to any repaired or replacement Goods supplied by the Supplier.

5. Title and risk

- 5.1. The risk in the Goods shall pass to the Customer on completion of delivery.
- 5.2. Title to the Goods shall not pass to the Customer until the Supplier has received payment in full (in cash or cleared funds) for:
 - 5.2.1. the Goods; and
 - 5.2.2. all other sums which are or which become due to the Supplier for sales of the Goods or any other products to the Customer.
- 5.3. Until title to the Goods has passed to the Customer, the Customer shall:
 - 5.3.1. hold the Goods on a fiduciary basis as the Supplier's bailee;
 - 5.3.2. store the Goods separately from all other goods held by the Customer so that they remain readily identifiable as the Supplier's property;
 - 5.3.3. not remove, deface or obscure any identifying mark or packaging on or relating to the Goods;
 - 5.3.4. maintain the Goods in satisfactory condition and keep them insured against all risks for their full price from the date of delivery;
 - 5.3.5. notify the Supplier immediately if it becomes subject to any of the events listed in clause 8.2; and
 - 5.3.6. give the Supplier such information relating to the Goods as the Supplier may require from time to time, but the Customer may resell or use the Goods in the ordinary course of its business.
- 5.4. If before title to the Goods passes to the Customer the Customer becomes subject to any of the events listed in clause 8.2, or the Supplier reasonably believes that any such event is about to happen and notifies the Customer accordingly, then, provided that the Goods have not been resold, or irrevocably incorporated into another product, and without limiting any other right or remedy the Supplier may have, the Supplier may at any time require the Customer to deliver up the Goods and, if the Customer fails to do so promptly, enter any premises of the Customer or of any third party where the Goods are stored in order to recover them.

6. Price and payment

- 6.1. The price of the Goods shall be the price set out in the Order, or, if no price is quoted, the price set out in the Supplier's published price list in force as at the date of delivery.
- 6.2. The Supplier may, by giving notice to the Customer at any time up to 20 Business Days before delivery, increase the price of the Goods to reflect any increase in the cost of the Goods that is due to:
 - 6.2.1. any factor beyond the Supplier's control (including foreign exchange fluctuations, increases in taxes and duties, and increases in labour, materials and other manufacturing costs);
 - 6.2.2. any request by the Customer to change the delivery date(s), quantities or types of Goods ordered, or the Specification; or
 - 6.2.3. any delay caused by any instructions of the Customer or failure of the Customer to give the Supplier adequate or accurate information or instructions.
- 6.3. The price of the Goods is exclusive of the costs and charges of packaging, insurance and transport of the Goods, which shall be paid by the Customer when it pays for the Goods.
- 6.4. The price of the Goods is exclusive of amounts in respect of value added tax (VAT). The Customer shall, on receipt of a valid VAT invoice from the Supplier, pay to the Supplier such additional amounts in respect of VAT as are chargeable on the supply of the Goods.
- 6.5. The Supplier may invoice the Customer for the Goods on or at any time after the completion of delivery.
- 6.6. Unless otherwise agreed by the Supplier in writing, the Customer shall pay the invoice in full and in cleared funds by the end of the month following the month the invoice was dated. Payment shall be made to the bank account nominated in writing by the Supplier. Time of payment is of the essence.
- 6.7. If the Customer fails to make any payment due to the Supplier under the Contract by the due date for payment (**due date**), then the Customer shall pay interest on the overdue amount at the rate of 4% per annum above The Royal Bank of Scotland Plc's base lending rate from time to time. Such interest shall accrue on a daily basis from the due date until the date of actual payment of the overdue amount, whether before or after judgment. The Customer shall pay the interest together with the overdue amount.
- 6.8. The Customer shall pay all amounts due under the Contract in full without any deduction or withholding except as required by law and the Customer shall not be entitled to assert any credit, set-off or counterclaim against the Supplier in order to justify withholding payment of any such amount in whole or in part. The Supplier may at any time, without limiting any other rights or remedies it may have, set off any amount owing to it by the Customer against any amount payable by the Supplier to the Customer.

7. Cancellation

- 7.1. The Customer shall not cancel an Order without the prior consent of the Supplier.
- 7.2. Upon cancellation, the Customer shall pay to the Supplier all of the Supplier's outstanding unpaid invoices and interest together with a reasonable sum (determined by the Supplier) in respect of the Supplier's work in progress.

8. Customer's insolvency or incapacity

- 8.1. If the Customer becomes subject to any of the events listed in clause 8.2, or the Supplier reasonably believes that the Customer is about to become subject to any of them and notifies the Customer accordingly, then, without limiting any other right or remedy available to the Supplier, the Supplier may cancel or suspend all further deliveries under the Contract or under any other contract between the Customer and the Supplier without incurring any liability to the Customer, and all outstanding sums in respect of Goods delivered to the Customer shall become immediately due.

- 8.2. For the purposes of clause 8.1, the relevant events are:
- 8.2.1. the Customer suspends, or threatens to suspend, payment of its debts or is unable to pay its debts as they fall due or admits inability to pay its debts or (being a company) is deemed unable to pay its debts within the meaning of section 123 of the Insolvency Act 1986, or (being an individual) is deemed either unable to pay its debts or as having no reasonable prospect of so doing, in either case, within the meaning of section 268 of the Insolvency Act 1986, or (being a partnership) has any partner to whom any of the foregoing apply; or
 - 8.2.2. the Customer commences negotiations with all or any class of its creditors with a view to rescheduling any of its debts, or makes a proposal for or enters into any compromise or arrangement with its creditors; or
 - 8.2.3. (being an individual) the Customer is the subject of a bankruptcy petition or order; or
 - 8.2.4. a creditor or encumbrancer of the Customer attaches or takes possession of, or a distress, execution, sequestration or other such process is levied or enforced on or sued against, the whole or any part of its assets and such attachment or process is not discharged within 14 days; or
 - 8.2.5. (being a company) an application is made to court, or an order is made, for the appointment of an administrator or if a notice of intention to appoint an administrator is given or if an administrator is appointed over the Customer; or
 - 8.2.6. (being a company) a floating charge holder over the assets of the Customer has become entitled to appoint or has appointed an administrative receiver; or
 - 8.2.7. a person becomes entitled to appoint a receiver over the assets of the Customer or a receiver is appointed over the assets of the Customer; or
 - 8.2.8. any event occurs, or proceeding is taken, with respect to the Customer in any jurisdiction to which it is subject that has an effect equivalent or similar to any of the events mentioned in clause 8.2.1 to clause 8.2.7 (inclusive); or
 - 8.2.9. the Customer suspends, threatens to suspend, ceases or threatens to cease to carry on all or substantially the whole of its business; or
 - 8.2.10. the financial position of the Supplier deteriorates to such an extent that in the opinion of the Customer the capability of the Seller adequately to fulfil its obligations under the Contract has been placed in jeopardy.
 - 8.2.11. (being an individual) the Customer dies or, by reason of illness or incapacity (whether mental or physical), is incapable of managing his or her own affairs or becomes a patient under any mental health legislation.
9. **Limitation of liability**
- 9.1. Nothing in these Conditions shall limit or exclude the Supplier's liability for:
- 9.1.1. death or personal injury caused by its negligence, or the negligence of its employees, agents or subcontractors (as applicable);
 - 9.1.2. fraud or fraudulent misrepresentation; or
 - 9.1.3. breach of the terms implied by section 12 of the Sale of Goods Act 1979; or
 - 9.1.4. defective products under the Consumer Protection Act 1987; or
 - 9.1.5. any matter in respect of which it would be unlawful for the Supplier to exclude or restrict liability.
- 9.2. Subject to clause 9.1:
- 9.2.1. the Supplier shall not be liable to the Customer, whether in contract, tort (including negligence), breach of statutory duty, or otherwise, for any loss of profit or indirect or consequential loss arising under or in connection with the Contract (including any losses that may result from a deliberate breach of the Contract by the Supplier, its employees, agents or subcontractors); and
 - 9.2.2. subject to clause 3.6, the Supplier's total liability to the Customer in respect of all other losses arising under or in connection with the Contract, whether in contract, tort (including negligence), breach of statutory duty, or otherwise, including losses caused by a deliberate personal or deliberate breach of the Contract by the Supplier, its employees, agents or subcontractors shall not exceed the higher of the price of the Goods or the amount actually recovered from the Supplier's insurance company.
- 9.3. Subject to clause 9.1, the Supplier shall have no liability to the Customer for shortage, non-delivery or Goods damaged during transit unless the Customer has notified the Supplier of the claim in accordance with clause 3.11.
10. **Force majeure**
- Neither party shall be liable for any failure or delay in performing its obligations under the Contract to the extent that such failure or delay is caused by a Force Majeure Event. A **Force Majeure Event** means any event beyond a party's reasonable control, which by its nature could not have been foreseen, or, if it could have been foreseen, was unavoidable, including strikes, lock-outs or other industrial disputes (whether involving its own workforce or a third party's), failure of energy sources or transport network, acts of God, war, terrorism, riot, civil commotion, interference by civil or military authorities, national or international calamity, armed conflict, malicious damage, breakdown of plant or machinery, nuclear, chemical or biological contamination, sonic boom, explosions, collapse of building structures, fires, floods, storms, earthquakes, loss at sea, epidemics or similar events, natural disasters or extreme adverse weather conditions, or default of suppliers or subcontractors.
11. **General**
- 11.1. Assignment and subcontracting
- 11.1.1. The Supplier may at any time assign, transfer, charge, subcontract or deal in any other manner with all or any of its rights or obligations under the Contract.
 - 11.1.2. The Customer may not assign, transfer, charge, subcontract or deal in any other manner with all or any of its rights or obligations under the Contract without the prior written consent of the Supplier.
- 11.2. Notices
- 11.2.1. Any notice or other communication given to a party under or in connection with the Contract shall be in writing, addressed to that party at its registered office (if it is a company) or its principal place of business (in any other case) or such other address as that party may have specified to the other party in writing in accordance with this clause, and shall be delivered personally, sent by pre-paid first-class post, recorded delivery, commercial courier, fax.
 - 11.2.2. A notice or other communication shall be deemed to have been received: if delivered personally, when left at the address referred to in clause 11.2.1; if sent by pre-paid first-class post or recorded delivery, at 9.00 am on the second Business Day after posting; if delivered by commercial courier, on the date and at the time that the courier's delivery receipt is signed; or, if sent by fax, one Business Day after transmission.
 - 11.2.3. The provisions of this clause shall not apply to the service of any proceedings or other documents in any legal action.
- 11.3. Severance
- 11.3.1. If any court or competent authority finds that any provision of the Contract (or part of any provision) is invalid, illegal or unenforceable, that provision or part-provision shall, to the extent required, be deemed to be deleted, and the validity and enforceability of the other provisions of the Contract shall not be affected.
 - 11.3.2. If any invalid, unenforceable or illegal provision of the Contract would be valid, enforceable and legal if some part of it were deleted, the provision shall apply with the minimum modification necessary to make it legal, valid and enforceable.
- 11.4. **Waiver.** A waiver of any right or remedy under the Contract is only effective if given in writing and shall not be deemed a waiver of any subsequent breach or default. No failure or delay by a party to exercise any right or remedy provided under the Contract or by law shall constitute a waiver of that or any other right or remedy, nor shall it preclude or restrict the further exercise of that or any other right or remedy. No single or partial exercise of such right or remedy shall preclude or restrict the further exercise of that or any other right or remedy.
- 11.5. **Third party rights.** A person who is not a party to the Contract shall not have any rights under or in connection with it.
- 11.6. Any variation to the Contract, including the introduction of any additional terms and conditions, shall only be binding when agreed in writing and signed by the Customer.
- 11.7. **Governing law and jurisdiction.** The Contract, and any dispute or claim arising out of or in connection with it or its subject matter or formation (including non-contractual disputes or claims), shall be governed by, and construed in accordance with, English law, and the parties irrevocably submit to the exclusive jurisdiction of the courts of England and Wales.
